

WHAT IS THE IAFF ALUMNI PROGRAM?

The IAFF Alumni program is designed to help IAFF retirees and former IAFF members maintain their relationship and connection with the IAFF.

WHO CAN JOIN?

All active-retired* IAFF members are automatically enrolled in the Alumni program. Inactive-retired* members have the opportunity to join this program if they retired in good standing within the past year. Those who retired more than a year ago may join with approval from their local president. Alumni membership for former members who withdrew from the local for reasons such as a promotion out of the bargaining unit are at the discretion of their local president.

WHAT ARE THE BENEFITS OF JOINING?

Alumni keep a membership status within the IAFF and are eligible to continue to receive the magazine (at a 50% discount), as well as the benefits available to members through the IAFF Store, the IAFF Financial Corporation (insurance and financial services) and Union Plus programs (car rental, travel, mobile phone discounts, etc.). In addition, Alumni continue to receive regular communications from the IAFF on what's going on within the fire service, our union and among our members in the U.S. and Canada.

*Refer to local for retiree status.
